

Never exceed the sign posted speed limit and in certain circumstances, you should reduce your speed to well below the official limit.

km/h on a public road within an urban area.

The General Speed Limits in terms of the South African National Road Traffic Act, 1996 and its regulations are:

km/h on public road outside an urban area which is not a freeway; and.

km/h on freeways

\*Adjust your speed according to prevailing conditions.

\*When visibility is bad, reduce your speed .

\*Drive according to allocated speed limit and avoid hazardous roads.

\* The higher the speed, the longer the braking distance!

\* The higher the speed, the more difficult it is to control the vehicle in the process of stopping.

You don't measure driving experience by receiving traffic fines

Speeding is a **Criminal** Offense!
