APPOINTMENT OF A PANEL OF SERVICE PROVIDERS TO PROVIDE ADVANCED DRIVING SKILLS FOR DEFENSIVE AND OFFENSIVE DRIVING FOR THE RTMC NATIONALLY

RTMC BID 13/2020/21

<p>Offensive(377220) driving fall in both SASSETA and TETA scope. Based, on my previous experience and knowledge, employers falling in the safety and security sector, and affiliated to SASSETA, can use either SASSETA or TETA accredited providers for the provision of defensive and Offensive in which case, a credit porting processes can be followed where necessary.</p> <p>I hereby wish to find out if this is an option RTMC is aware of and if so, is it an option you would consider?</p> <p>In light of the above, would RTMC accept a Bid from a TETA accredited provider with the required unit standards?</p>				
<p>Same as above</p>	<p>e.g. RTMC to correct the issued</p>	<p>Page 17</p>		<p>TETA added</p>
